

Article 2. Framework and Agenda

Section 1. Framework

The function of this office is, at its core, the sustainable development of the community and environment, as enshrined in the Sustainable Development Goals (SDGs) and the agendas set by national and regional authorities. The output of the RDE Office will focus on environmental conservation, community resilience, and economic productivity (see Figure 1).

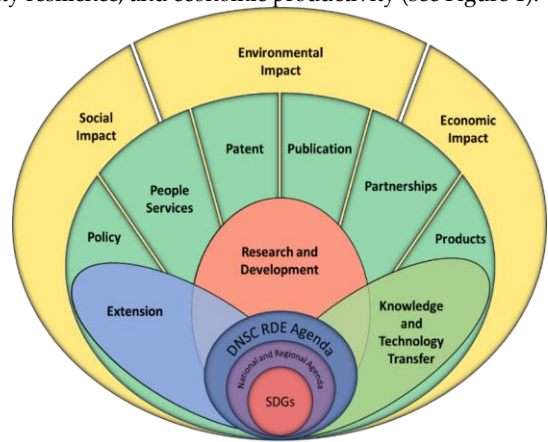

Figure 1. RDE Framework of the College

Section 2. Thrust

The research and extension thrusts are geared toward the sustainable Agri-fisheries and socio-cultural development of the people in Davao del Norte and Region XI, aligning with the National and Regional Agendas.

Section 3. Priority Areas

The College shall conduct a periodic assessment of priority areas in consultation with internal and external stakeholders. Details for the current RDE Agenda covering 2026-2030 are provided in the succeeding Article.

Article 3. The RDE Agenda for 2026-2030

DNSC SAILS stands for **D**avao del Norte State College: **S**ustaining gains in **A**gri-Aqua to accelerate **I**nnovation and **I**nclusion Leading to **S**ecured Futures. This framework represents a purpose-driven, locally-anchored, and globally conversant Research, Development, and Extension (RDE) agenda for Davao del Norte State College. By centering its mission on the blue,

green, knowledge-based, and creative economies, DNSC aims to bridge the gap between academic explorations and tangible community transformations.

This roadmap is strategically designed to foster environmental resilience, technological advancement, and social equity. Through its five core pillars—**Sustainability, Agri-Aqua Acceleration, Innovation, Leadership, and Security**—the College positions itself as a primary catalyst for regional growth. DNSC SAILS is more than a strategic plan; it is a firm commitment to steering the Davao region toward a sustainable, inclusive, and globally competitive future.

Section 1. The Strategic Priorities

Strategic Priority 1. Sustain (Sustainability Agenda)

It focuses on maintaining the ecological balance of the region. Key initiatives include:

- Preserving **Biodiversity and Ecosystem Integrity**
- Promoting **Nature-based Solutions**
- Integrating **SDG-focused education**

Strategic Priority 2. Accelerate Agri-Aqua (A3 Agenda)

It aims to modernize the primary sectors of the province and the region. This pillar prioritizes:

- **Fishery Management**
- **Agroforestry**
- **Value Chain Optimization**

Strategic Priority 3. Innovation and Inclusion (I2 Agenda)

It leverages technology and social science to bridge societal gaps.

- **ICT4D:** Utilizing digital tools for grassroots development
- **Food Systems** focusing on:
 - Enhancing **Food Innovation and Safety**
 - Creating **Functional Foods** from locally abundant commodities
- **Inclusion** prioritizing:
 - **GEDSI (Gender Equality, Disability, and Social Inclusion)**
 - **Regional Heritage and Identity** preservation

Strategic Priority 4. Lead (Lead Agenda)

It positions DNSC as a thought leader in:

- **Just Governance**
- Strategic institutional **Niche Industries**, specifically driving and championing innovations in:

Commented [MR1]: Left-hanging. need to have additional words.....

Commented [MR2]: Left-hanging. it is suggested to add more words to be specific..

- **Blue Economy**
- **Halal Industry**
- **Banana Fibers/Textiles**

Strategic Priority 5. Secured Futures (Security Agenda)

The ultimate goal of the framework is to build:

- **Resiliency**
- **Wellbeing**
- **Creative Economy**
- **Future-Proofing**

This agenda aims to enhance the adaptive capacity of communities against economic, environmental, and social shocks.
